

Year 10 Revision

For Performing Arts your exam in September will be to perform the Dogface monologue. As well as being the exam for exam week, it will also then be used as a piece of evidence in your coursework.

To enable you to achieve the best grade you can you need to go through all of the work that has been set over lock down. Doing this will help you to develop your character.

You should reflect on:

Your annotated script

Your Diary entries

Your character profile

Your gingerbread person

The work on context

The work on tempo rhythm

The work on relaxation of muscles.

Once you have done this you need to rehearse and practice performing your character as you intend to perform during exam week. Lines must be learnt fully.

Your performance will need to show a character so you will need to use all of the work you have completed to do this.
